

# What are Email Networks?

## Also called List-serves?

---

- These networking email groups provide a forum for communication and discussion among people with shared interests. In our case, these email networks reflect our interest in 99s and in aviation topics.
- There are email networks that are general to all 99s, and for all 99s who share an interest in sub-topics such as professional development.

# International 99s Email Networks

---

- Go to the 99s website
  - <http://www.ninety-nines.org>
- On the main page, toward the bottom, find the link for Email Networks
  - (under the heading “99s – Learn More About Flying”)

# Request Form

---
