February 2008

Based on response to queries within the Chapter regarding our SB99s website, it has been decided to: keep the Home page of our website up and running for 99s coming into our area. The bios, photos and articles have been deleted, but the calendar of events and my contact information will remain. The address to view this site is: www.freewebs.com/sb99s. Carol

Welcome to Baja Oregon.....

I'm about ready to put floats on the Tiger so I can fly again.

The next meeting will be

TUCSON BUSINESS MEETING

Last weekend, the SWSection held its annual Winter Business meeting in Tucson, hosted by the Tucson chapter. Over sixty 99s from through the Section convened at the Clarion hotel within walking distance of the airport. The evenings were social and relaxed, with exchange of lots of ideas, and the business meeting went so fast we weren't aware we'd spent all day Saturday sitting inside while the sun shone outside.

We learned that the Section is close to making a decision on the hotel location for the **2010 International Conference** on the Big Island of Hawaii; it will either be in Kona or in Hilo; both hotels had a lot to offer.

We heard about the 99s participation in the launching of the **new Amelia Earhart battleship** in Long Beach--in which our Valarie Bush was instrumental in getting them involved. And for her part in this, she (and John) will be among only twelve 99s to be on the VIP platform at the April launching.

Judy Yerian, Section **AE Scholarship** Chairman lamented that members are not applying in the numbers we should have. There is money that is not being awarded. It was stressed that if you don't win the first time, apply again. The judges look primarily to see that you have a plan to use the scholarship following the issuing of it. It can be used for private as well as commercial application and is tailored to your personal needs. Judy is there to give advice and help anyone willing to ask.

Section Webmaster Maureen Kenney described the new technology being used for **on-line registration** for Section meetings, which will make many of our tasks so much easier in 2009 than in 2002. Check it out for registration to the Spring meeting in Palm Springs May 2-4.

Ventura County's Susan Liebeler inspired the group with suggestions for **making money for the chapters**: Her advice: Go outside your chapter, and Do NOT continue asking your members for more money. Their primary money maker is the series of Pilot Proficiency Seminars in the Spring. C.A.
